Why would you like to become a Docent at STPI? _____

Please list relevant experiences such as pursuits, activities, voluntary / professional work, and any previous guiding experience.

What are your interests or areas of expertise? _____

PLEASE READ AND CONSIDER CAREFULLY THE FOLLOWING COMMITMENT STATEMENT YOU MUST SIGN:

In submitting my application, I understand that a successful volunteer program depends upon the commitment of the individual members to carry out its purposes. I recognize that acceptance into the 2012 STPI Docent Training Program obligates me, upon successful completion of my mentor tour, to guide for a period of at least one year. These tours are scheduled according to my availability. I understand I will be scheduled for regular tours as well as student or special tours.

I will make every effort to keep abreast of changes at STPI so that I can effectively guide changing exhibitions by attending special training sessions, walkthroughs or lectures that are scheduled and by studying written materials which will be provided. I also agree not to give any tours of STPI for monetary gain and certify that I am not currently working as a paid guide in Singapore.

I understand that I need to be a current, paid-up member of the Friends of Museums to take part in the STPI Docent Training Program and to guide at STPI.
